THINGS TO KNOW

- Staff may not share beds, no matter the size. We have **air mattresses** if you need us to bring those along. Our Director of Details will call you the week before to check and see how many you need
- Please provide a designated "**staff**" **bathroom** for us so that we don't get in your family's way during our stay
- We are so excited to be part of your family this week! Please make sure that **you are home when your kids are home** because we want to be above reproach in all areas
- Our staff will eat **breakfast** in your home each morning. This can be very simple! Please do not feel as though you need to cook for us, we can grab and go!
- During our time at camp, all staff are prohibited from using **media** any time other than their off time. They are free to watch TV or movies with you but should only use their phones or internet when they are off. You are under no obligation to monitor this. They are aware of the parameters and should have no trouble governing themselves
- Since we travel each weekend, our staff's only opportunity to do **laundry** is during the week. If your washer and dryer are available to them, they would be so grateful!

Site Director Name: Trent McClure

THANK YOU!

We couldn't do what we do without host families like you! We will call you with more information regarding hosting staff soon. Our Director of Details will give you any allergies (if any), their names and answer any questions you might have.

Please don't hesitate to reach out should you have questions before we talk on the phone!
